

MAINTENANCE-FREE BEARING

STOP GREASING YOUR PIVOT CENTER

- ▲ The Maintenance-Free Bearing is the first of its kind that requires no grease and no annual maintenance.
- ▲ The patent pending bearing is made with a nonmetallic material, reducing friction for smooth rotation and uninterrupted movement.
- ▲ Unlike grease, the insert stays in place, eliminating grease spill and dirt buildup around the pivot center.
- ▲ Carries a high load capacity and increases system longevity, durability and reliability.
- ▲ Requires no maintenance and is designed to last a lifetime, saving you time and money.

AVAILABILITY

- ▲ Available on all new Reinke irrigation systems with 8-inch pivot bearings.
- ▲ Available as a retrofit for existing Electrogator II pivot centers that fit 8-inch bearings.
- ▲ Not available in 4 1/2-inch and 10-inch pipe options.

REINKE EXCLUSIVE

- ▲ The industry's first and only maintenance-free bearing.
- ▲ The only pivot center on the market that doesn't need to be greased.
- ▲ Made of nonmetallic material.
