GAME-CHANGING IRRIGATION MANAGEMENT

Our local support is geared specifically for a grower's unique needs.

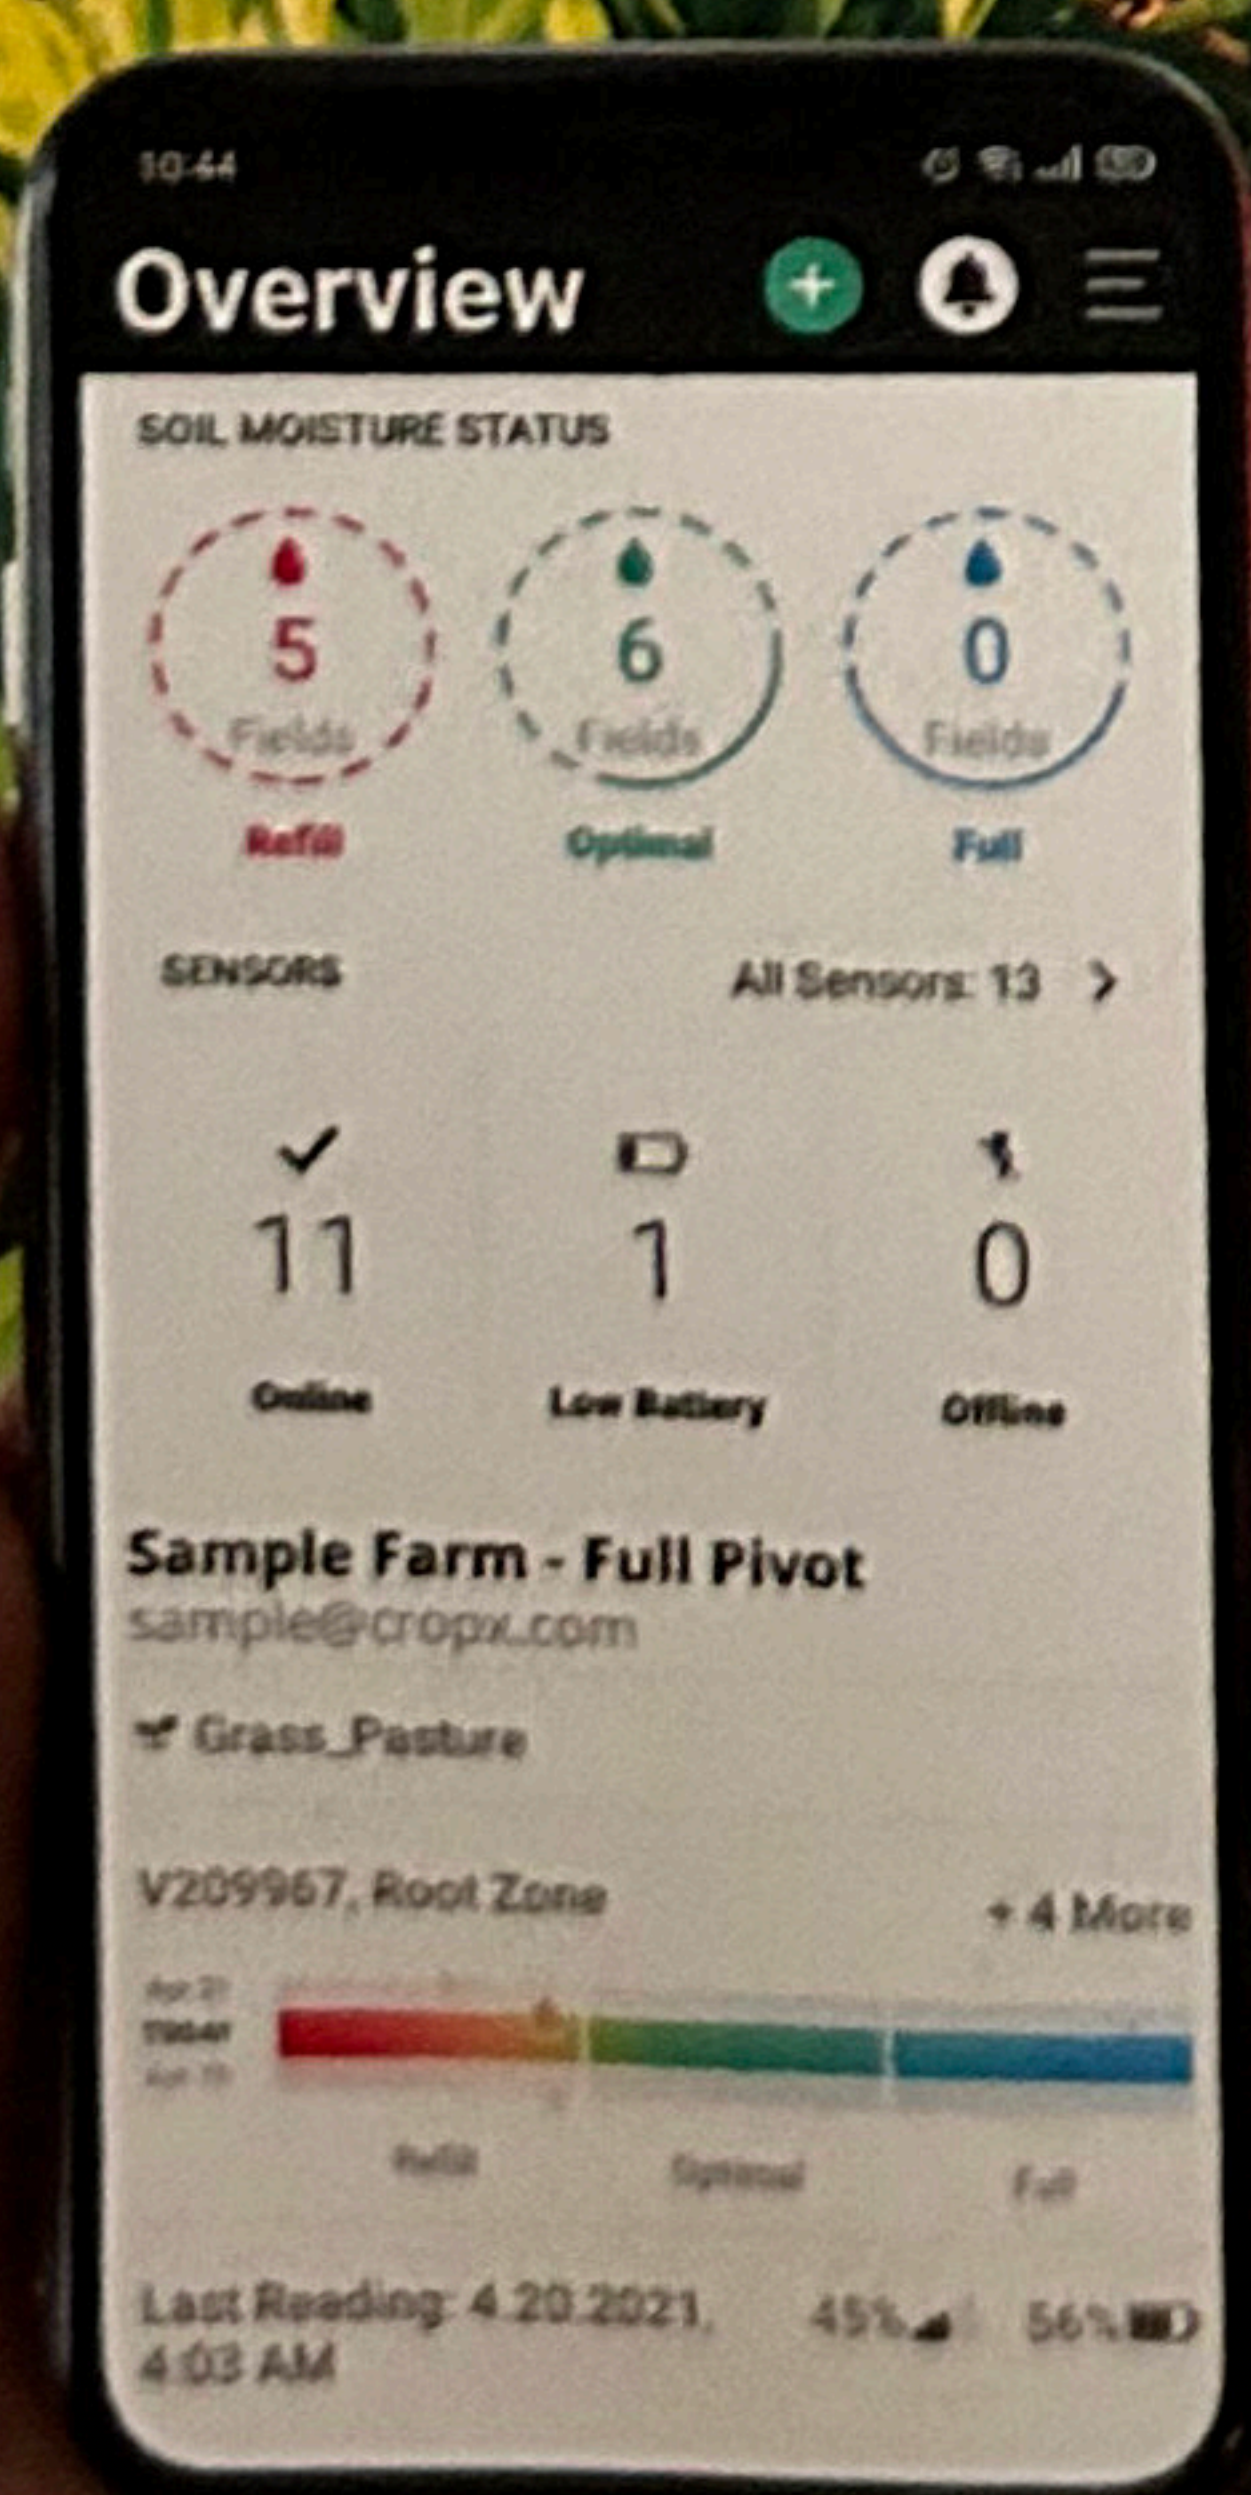

The user-friendly app gives you all the information you need to make irrigation decisions quickly and easily, maximizing your profit.

INNOVATIVE HARDWARE

All-in-one sensors with long lasting, rechargeable batteries. Our sensors are wireless and easy to install.

DATA-DRIVEN DECISIONS

Soil moisture, temperature, and EC data are combined with satellite and weather data and more in a clear, customizable dashboard. Download detailed, NRCS-approved reports.
